About Me

I am an Information Systems student at the University Muhammadiyah of North Sumatra with a strong interest in software development, backend engineering, cloud computing, and artificial intelligence. My internship experience at PT INALUM strengthened my understanding of administrative workflows, documentation management, and professional communication.

I consistently work to improve my technical abilities and problem-solving skills. My long-term goal is to become a backend developer capable of delivering efficient, scalable, and high-quality software solutions.

Education

- **University Muhammadiyah of North Sumatra**
  Bachelor of Information Systems — Currently Enrolled
- **SMK Negeri 1 Air Putih**
  Software Engineering — Graduated 2024
